DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 12/02/04 has been entered.

This communication is being submitted in reply to the amendment accompanying the foregoing RCE. The applicants have overcome most of the objections, 35 USC 112 rejection; and the art rejection. Refer to the abovementioned amendment for specific details on applicant's rebuttal arguments and/or amendments. However, certain claims are rejected again as presented hereinbelow and for the reasons of record:

Drawings

1. The proposed drawing corrections of 08/28/03 is accepted. As a formal matter, new replacement sheets of corrected drawings are still required in this application (as applicants only enclosed "marked-up" figures).

Specification

2. This application makes reference to an application (see page 5, lines 20-24), accordingly, the current status (whether abandoned or patented and its patent number) of all nonprovisional parent applications referenced should be included. *Applicants' cooperation to update such status is still required in the event that applicants become aware of any change of the status.*

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 5-10 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

5. Claims 5-10 are indefinite as they all depend from cancelled claim 3.

Allowable Subject Matter

6. The following is a statement of reasons for the indication of allowable subject matter: a reasonable search for the prior art failed to reveal or fairly suggest what is instantly claimed, particularly: the housing including the specific components satisfying the specific structural relationship as recited now in claim 1. (Refer to the prior office action of 06/24/03).

7. Claims 1-2 and 4 are allowed.

8. Claims 5-10 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Response to Arguments

9. Applicant's amendment filed 12/02/04 have been fully considered and found persuasive because it places the application in condition for allowance.
